April 15, 2020

Dear Brooklyn North High School Families,

We hope you are all safe and healthy. We know this is not an easy time and hope you are all doing well and moving forward during our new normal of remote learning. We understand each of us are dealing with many demands right now, operating in truly uncharted waters. We also believe that the Brooklyn North High School community is strong, resilient, and creative!

In our continued effort to operate within the pedagogy of love, and provide support, community and connection, we want to invite you to our family forum (community reunion). Our goal is to provide up to date information, celebrate our successes, and share resources to help our families navigate during this remote learning time.

We have an immediate request. We need you to complete a quick [\[Survey\]](#) by Monday, April 20, 2020. We will use the results from the survey to guide our outreach with you.

Additionally, we are planning a virtual ***Family Forum on Wednesday, April 22, 2020***. The ***Family Forum*** is a town hall style meeting for parents and guardians. The purpose is to hear from you, and to build our network, engage in conversation, and give each other virtual hugs and love.

The world as we know it has changed. The gravity of what's happening in our community and in the world are substantial. We will overcome this challenge with love and kindness for each other. We will preserve as a united community.

We will share information regarding the virtual ***Family Forum*** shortly. In the meantime, stay positive, stay safe, stay encouraged.

With love,

Brooklyn North High School Team
